

NOTICE

Toll Cross Securities Inc. would like to notify all clients that Michael Corey, Senior Mining Analyst has resigned from the company effective September 1, 2009. Mike has decided to return to the exploration industry where he will fill the role of Country Manager – Indonesia for the Minerals and Metals Group (MMG) based in Jakarta. MMG was formed following the acquisition of most OZ Mineral assets by China Minmetals Non-ferrous Co., Ltd.

Toll Cross Securities Inc. would also like to announce that Mr. Steve King has been hired in the position of Senior Mining Analyst effective September 8, 2009. Steve is a registered professional geoscientist (PEGNL) with more than 17 years experience in the mineral exploration industry. He has degrees in geology and geophysics and has held positions as Senior Geophysicist (Voisey's Bay Deposit) and Senior Project Geologist as well as most recently Vice President, Exploration for a West African gold explorer. In addition, Steve has formal training in mineral resource estimation and reporting and is a certified quality auditor (CQA). He has extensive domestic and international field experience with numerous commodities in a variety of geological settings.

Toll Cross Securities Inc. will continue to provide knowledgeable, technical and financial insight to its resource and commodity focused clients.
