

FOR IMMEDIATE RELEASE

TOLL CROSS ANNOUNCES A \$3M PRIVATE PLACEMENT FOR RYMA TECHNOLOGY SOLUTIONS INC.

Toll Cross was exclusive agent, working closely with the Ryma Technology Solutions executive team to attract their first major round of financing

TORONTO, ONTARIO – OCTOBER 15, 2005 – Toll Cross Securities Inc., a Canadian research, trading and investment banking firm, today announced the successful closing of a \$3M private placement with Novacap II, LP for Ryma Technology Solutions Inc.

Toll Cross Securities Inc. was the exclusive agent for the private placement, which was marketed to several investor groups in Quebec and Ontario. Initially set at \$2.5M, the private placement amount was increased to \$3M, granting exclusivity to Novacap for the duration of the due diligence. The private placement was successfully closed on August 30, 2005.

“We were pleased to be able to assist the Ryma executive team in preparing their business plan and presentations prior to marketing the opportunity to investors,” said Marc Johnson, Investment Banking Associate at Toll Cross Securities. “Ryma’s software suite FeaturePlan™ is very impressive and we believe it is really the right product at the right time. Toll Cross is very pleased to have been the agent to attract an investor of Novacap’s caliber for Ryma.”

Ryma Technology Solutions Inc. helps companies achieve effective market-driven Enterprise Product Management (EPM) strategies through innovative technology and professional services. Ryma’s product suite, FeaturePlan, is an enterprise software platform that helps companies implement and automate their internal EPM methodologies. FeaturePlan provides a collaborative environment that allows all stakeholders, internal and external, to take part in the definition, planning and management of the company’s products in a structured, secured, and repeatable fashion.

"The assistance provided to us by Toll Cross proved invaluable in helping us secure this financing round," said Rene Bellei, CEO of Ryma Technologies. "I would have no hesitation in recommending other technology companies to engage Toll Cross for their services."

All proceeds from this financing will be used by Ryma to support sales and marketing initiatives, for the development of distribution channels, and for further product development.

About Toll Cross Securities

Toll Cross Securities Inc. is a Canadian research, trading and investment banking firm, focused on addressing the increasingly complex needs of smaller, fast-growing companies in today's capital markets.
